## 1. What sparked your interest in Learning for Sustainability?

2. What have been your key highlights and/or challenges?

3. What has been the impact on you, your learners, and your setting?

Challenges: working Hard to As a chemistry Walk the walk ASN -Opportunity in a small school Difficult to say, apart involve teacher I have and talk the where students are Through from engaging a few increased nobody others in It's relevance taught about Learning talk - heat pulled in multiple Chemistry 'champions' who were engagement seemed to be fossil fuels to everything other directions, the school pump, electric already invested in of pupils, staff, teaching eg doing it in my especially around to work as and pollution environmental issues, impact on RSC info exam time! school for years but we're still learners a team relatively early on in priority of our LfS journey as a assessment Looking Climate change is a school... From key part of towards Climate change Geography teaching Enthusiasm is childhood impact across issue- asked to be qualifications Love of anyway, but I've Eco-Schools infectious the wider interest in become particularly Coordinator in school sustainable interested in LfS Nature school and went community since IPCC 1.5 (2018) use of from there and even more so Malawi school resources post-pandemic **Pupils take** link - greater Malawi leadership roles: How can you Summit in improved innovational Lots of take people communications **Gleneagles** explore links along and not initiatives engagement No just skills: with pupils between make it an Eco-schools in assemblies Global subjects and part of the movement add on. footprinting topics job resources -lifestyle Challenge working Consistency of usina messages and Pupil Use the SCOTDEC SDG pupils whole with OWC positive action enthusiasm SDGS has experience Global Teacher school across in Dundee https://scotdec.org.uk/ empathy been rich Interest in dassrooms/wider Programme download/global-goal initiatives outside their school setting and outdoor Lifelong s-passport-pdf-373kb/ Malawi visit community sphere of learning / interest social experience enterprise / crafting Wildlife John Club Muir LfS Strategy Sorry, we got caught up in discussion and Award for the LA. didn't managed many sticky notes!
